Tripper Bus Unveils New Virginia, Maryland and New York City Routes Starting February 2009 for as Little as \$1 Each Way with Convenient Bus Stops

New Bus Company Provides Cost-Effective & Hassle Free Transportation with Amenities

BROOKLYN, NEW YORK—February 3, 2009—Tripper Bus announced today the unveiling of a new, first-class bus service with routes between Washington, DC Metropolitan area and New York City (NYC) for as little as \$1 each way starting on February 13, 2009. In addition, to accommodate travelers venturing to NYC or Washington, DC Metropolitan area for President's Day, additional routes have been added for Monday, February 13th (schedules are listed in release).

Travelers can make reservations for its new travel schedules with convenient pick up and drop off locations at the Rosslyn and Bethesda Metro locations for DC Metropolitan area and near Penn Station in NYC starting today at www.TripperBus.com or calling 1-877-826-2874.

A cost-effective travel solution between NYC and Washington, DC, Tripper Bus offers promotional fares starting at \$1 each way, with additional seats available at \$5, \$10 and the standard price of \$25 each way.

Tripper Bus offers the most cost-effective, timely, and relaxing mode of transportation for travelers, according to Betty Unger, Tripper Bus' CEO.

"It certainly beats the hassle of flying or driving yourself," Unger says. "Tripper Bus connects people to DC and New York City with convenient pick up and drop off locations near Metro and train stations at a price that travelers can not beat if driving, flying or taking the train."

Traveling between Washington, DC and NYC has never been so easy, convenient, or cost-effective. Tripper Bus' first class coaches will provide free Wireless service and electrical outlets, allowing travelers to maximize productivity during travels.

To avoid congestion and parking challenges in downtown DC, Tripper Bus is offering convenient, Metro-accessible pick-up and drop-off locations in Bethesda, Maryland and Arlington, Virginia.
